

# 2018 2nd International Conference on Materials and Intelligent Manufacturing (ICMIM 2018)

Sapporo, Japan  
August 24-26, 2018

## Conference Introduction

2018 2nd International Conference on Materials and Intelligent Manufacturing (ICMIM 2018: <http://www.icmim.org/>) will be held in Sapporo, Japan during August 24-26, 2018.

It provides an opportunity for the delegates to meet, interact and exchange new ideas in the various areas of materials and intelligent manufacturing. ICMIM 2018 aims to proclaim knowledge and share new ideas amongst the professionals, industrialists and students from research areas of materials and intelligent manufacturing to share their research experiences and indulge in interactive discussions and special sessions at the event.

## Good News

### 1. Publication

*Option One:* **Materials Science Forum** (ISSN: 1662-9752), which can be indexed by **EI Compendex**, **Scopus** and so on. For online and index information: <http://www.ttp.net/0255-5476.html>

*Option Two:* **International Journal of Materials, Mechanics and Manufacturing** (IJMMM, ISSN: 1793-8198), which can be indexed by EI (INSPEC, IET), Chemical Abstracts Services (CAS), ProQuest, Crossref and so on.

### 2. Famous professors as Speakers

**Prof. Vasudevanpillai Biju**, Hokkaido University, Sapporo, Japan;

**Prof. Jun Ding**, National University of Singapore, Singapore;

**Prof. Shen-Ming Chen**, National Taipei University of Technology, Taiwan;

**Assoc. Prof. Pan Jisheng**, National University of Singapore, Singapore.

### 3. Academic Visit

There will be a one-day visit in Sapporo on August 26, 2018.

## Important Dates

|                            |                      |
|----------------------------|----------------------|
| Paper Submission           | before May 25, 2018  |
| Notification of Acceptance | on June 15, 2018     |
| Registration               | before July 05, 2018 |
| Conference Dates           | August 24-25, 2018   |
| Academic Visit             | August 26, 2018      |

## Call for Papers

Topics of interest for submission include, but are not limited to: Materials Processing Technology and Materials Science, Superconducting Materials, Materials Testing and Evaluation, Building Materials, Energy Materials, Composite, Ceramics, Metal Alloy Material, Micro/Nano materials, Iron & Steel, Polymer, Optical / Electrical / Magnetic Materials, Materials Physics and Chemistry, Environmental-Friendly Materials, Biological Material, Design and Manufacturing Systems, Manufacturing Process Simulation, Modern production equipment design and manufacture, PC Guided Design and Manufacture Micro-Machining Technology, Virtual Manufacturing and Network Manufacturing, Microwave Processing of Materials, System Analysis and Industrial Engineering, Advanced Forming Manufacturing and Equipment, Recycling and Remanufacturing, Rapid Manufacturing, Bionic mechanisms and bio-manufacturing, Integrated Manufacturing System, Advanced Design Technology, Innovative Design Methodology, Reverse Engineering, Structural Strength and Robustness, New Mechanisms and Robotics, Mechanical and Automation Engineering, Flexible Manufacturing Technology & System, Mechanical Power Engineering, Vibration, (For more information, please visit <http://www.icmim.org/cfp.html>)
